

## Dependable, Easy to Use Fax Communications for Business

Every aspect of the OKIFAX 2510 is designed for business, keeping efficiently levels high while operating costs remain low. Making high quality fax communications easy and affordable, the OKIFAX 2510 is the essential communication tool for any busy office or small business.

### Professional fax performance.

- Super G3 33.6kbs modem delivers documents fast, accurately and economically
- Fast scanning keeps waiting times low
- 50 sheet automatic document feeder makes sending multi-page documents easy and efficient
- 250 speed dials including 26 one touch keys puts frequently used numbers at your fingertips
- 16ppm print engine delivers received faxes fast

### Easy and efficient to use.

- Easy to use and program with a comprehensive operator panel and QWERTY type keyboard
- Dual access allows user to scan documents at the same time a fax is being printed
- 250 sheet paper tray keeps user intervention and machine down times to a minimum
- The single piece print cartridge is simply and quickly replaced.
- High capacity print cartridge available to reduce running costs for high volume users

### Integrates neatly into any working environment

- Compact desktop size makes the most of limited space
- For the security conscious password protection secures machine access
- 110 page memory makes sure faxes are received during paper and toner outages
- Documents stored in memory are not lost if power is cut thanks to battery backup
- TAD interface allows easy connection of a phone or answering machine
